Generate Social Posts From One Article

Repurpose long content without rewriting from scratch.

Best way to use it:

â€¢ Paste article summary.

â€¢ Ask for platform-specific versions.

â€¢ Request hook variations.

Copy-ready prompt:

Turn this article into LinkedIn, X, Instagram caption, and newsletter teaser versions. Keep each platform's format natural: [article].

Quality check:

â€¢ Each platform sounds native.

â€¢ The same idea is not copied blindly.

â€¢ Hooks are varied.

DropTicks note:

Use ChatGPT like a workstation, not a magic answer box. Give it the role, goal, input material, constraints, expected output format, and review criteria. The stronger your workflow, the better the result.
