Make ChatGPT Your Editor, Not Your Ghostwriter

Better writing often comes from giving your own rough draft first.

Best way to use it:

â€¢ Write rough notes.

â€¢ Ask for organization and clarity.

â€¢ Preserve your intent and facts.

Copy-ready prompt:

Edit my draft for clarity and structure. Do not add new facts. Preserve my voice. Show the main changes after the rewrite.

Quality check:

â€¢ No unsupported facts are added.

â€¢ Voice is preserved.

â€¢ Changes are explainable.

DropTicks note:

Use ChatGPT like a workstation, not a magic answer box. Give it the role, goal, input material, constraints, expected output format, and review criteria. The stronger your workflow, the better the result.
