Use ChatGPT Search For Current Facts

Search is useful when the answer depends on current information.

Best way to use it:

- â€¢ Use it for news, prices, schedules, product status, or recent documentation.

- â€¢ Ask for dates.

- â€¢ Cross-check important claims.

Copy-ready prompt:

Search the web for current information about [topic]. Prioritize official sources. Include publish dates and explain what changed recently.

Quality check:

- â€¢ Dates are visible.

- â€¢ Official sources are prioritized.

- â€¢ Recent changes are explicit.

DropTicks note:

Use ChatGPT like a workstation, not a magic answer box. Give it the role, goal, input material, constraints, expected output format, and review criteria. The stronger your workflow, the better the result.
