ChatGPT Tip: Write Better Cold Emails

ChatGPT Tips | May 26, 2026

Cold email works better when it is short, specific, and relevant.

Article

Write Better Cold Emails

Cold email works better when it is short, specific, and relevant.

Best way to use it:

â€¢ Provide recipient, trigger, offer, proof, and CTA.

â€¢ Ask for multiple subject lines.

â€¢ Keep it brief.

Copy-ready prompt:

Write a cold email to [recipient]. Context: [context]. Offer: [offer]. Keep it under 120 words with 5 subject line options.

Quality check:

â€¢ Email is specific.

â€¢ CTA is low friction.

â€¢ No exaggerated claims.

DropTicks note:

Use ChatGPT like a workstation, not a magic answer box. Give it the role, goal, input material, constraints, expected output format, and review criteria. The stronger your workflow, the better the result.
